Rev. Tsuyuki will address what is *omichibiki*, why *omichibiki* is important, and when we can practice *omichibiki*. He will share

compelling stories of the blessings of

Kami-Sama. Stories of blessings reflect the interdependent relationship between Kami-Sama and people, and are key for *omichibiki*. In addition, three members from churches on O'ahu will provide examples of how *omichibiki* influenced their lives.

The Reverend Dr. Alfred Yoshihisa Tsuyuki is the Head Minister of the Konko Church of Los Angeles, the Chairperson of the Ministry Board of Review of Konko Churches of North America, and involved locally and nationally with several interfaith groups in Southern California.
